

How to Get Unbanned from Omegle for Free in 2021

Have you ever used Omegle for text or video chat with strangers? An increasing number of people use it during COVID-19 just to kill their time for fun. Since Valentine's Day in 2021 is around the corner, you have more than one reason to use it.

However, many people find they're banned by Omegle and have no idea what to do. Obviously, it's not a good idea to give up your entertainment so easily, especially during miserable days. Well, you are allowed to get unbanned from Omegle with no efforts, and with no money as well. Here comes a guide.

How Much Do You Know About Omegle?

[Omegle](#) is an anonymous online chat tool with strangers through text or video and your chatting partner is randomly selected. Your chat object won't know who you really are unless you let them know. You can set your interest and the people with similar interests with you will be distributed to you.

It's easy for you to use Omegle. You can directly use Omegle on the website, without the need to install it on your phone or to register. And the system will automatically distribute a stranger to you. Moreover, users can directly use Omegle for chatting without the need for registration. If you are a college student, you're required to use an email with a symbolic email suffix such as .edu so that you can find college students by identifying their email addresses, which is an effective way to protect students' online security and privacy.

An interesting mode Omegle provides is the spy mode that gives you and a stranger a random question to the discussion. The question is submitted by a third stranger who can watch the conversation, but can't join in. That adds much fun to your online chat.

Why Do I Get Banned by Omegle?

If you find your Omegle doesn't work on your device, it's mostly possible Omegle gets banned in your location. The reasons why Omegle bans you are included but not limited to the following items:

You Drop Conversations Too Frequently

If you drop or disconnect your conversations too frequently after starting a chat, the Omegle server tends to regard you as spam. Of course, sometimes it may not be your fault to lead to frequent disconnection. The slow network, 3G for example, possibly causes your slow connection, which may arouse frequent disconnection.

You Are Reported to be with Bad Behaviors

If you are reported to be rude or impolite or talk about inappropriate content like sex, it's mostly possible for Omegle to stop you from chatting on it. Therefore, you should pay more attention to your words and behaviors while chatting with a stranger.

You Disobey Omegle Terms and Conditions

Before online chatting based on Omegle, you must carefully read Terms and Services that are at the bottom of Omegle homepage. Regulations are clearly clarified in Omegle Terms and Services. To tell you the truth, the Terms and Conditions published by Omegle is the shortest.

When talking about Omegle users' age, it says Do not use Omegle if you are under 13. If you are under 18, use it only with a parent/guardian's permission. When talking about chatting content, it says Do not transmit nudity, sexually harass anyone, publicize other peoples' private information, make statements that defame or libel anyone, violate intellectual property rights, use automated programs to start chats or behave in any other inappropriate or illegal way on Omegle.

It especially emphasizes the situation when you won't be allowed to get access to Omegle: You may be denied access to Omegle for inappropriate behavior, or for any other reason. OMEGLE IS PROVIDED AS IS, AND TO THE MAXIMUM EXTENT ALLOWED BY APPLICABLE LAW, IT IS PROVIDED WITHOUT ANY WARRANTY, EXPRESS OR IMPLIED, NOT EVEN A WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. TO THE MAXIMUM EXTENT ALLOWED BY APPLICABLE LAW, THE PROVIDER OF OMEGLE, AND ANY OTHER PERSON OR ENTITY ASSOCIATED WITH OMEGLE'S OPERATION, SHALL NOT BE HELD LIABLE FOR ANY DIRECT OR INDIRECT DAMAGES ARISING FROM THE USE OF OMEGLE, OR ANY OTHER DAMAGES RELATED TO OMEGLE OF ANY KIND WHATSOEVER.

Therefore, it's optimal to keep it in your mind if you don't want to be stopped from access to

Omegle.

How to Get Unbanned from Omegle for Free in 2021?

Method#1. Just Wait.

Usually, Omegle users get bans from it for 7 to 120 days. When it comes to serious cases, you may get permanently banned, which is obviously not what you expect. Therefore, you can wait for some days unless your bans get unblocked. It may be a little torturing because you're limited to talk on a chat site. Worse still, it may not be your fault just like what's discussed in the previous part of the article.

Method#2. Use a VPN.

Why a VPN is Useful to Bypass Omegle Ban?

Omegle bans its users to prohibit their chat service because it tracks and monitors based on users' [IP addresses](#). It stops corresponding IP addresses connecting with Omegle servers so that they'll be blocked. However, if a user's IP address is hidden by a mask, the real IP address won't be obtained, making Omegle banning impossible. And, a Virtual Private Network or [a VPN](#) can be used to hide a user's real IP address, so it is useful to bypass the Omegle ban.

However, Omegle sets a VPN ban stopping some VPNs from normally working to break its ban. That means sometimes even a VPN fails to work if it is not useful enough. Luckily, SkyVPN has been testified to be able to unblock the Omegle ban.

How to Use a VPN to Unblock Omegle Bans for Free?

Now that we've already been aware of how a VPN helps to unblock Omegle bans, then here comes a question, how to make it for free? It's simple, just select [a free VPN that really works](#). What makes a VPN free of charge and really work?

First, you can get unlimited free data on the VPN app.

Second, the free VPN should be secure.

Being free isn't equal to being of low quality. A VPN is created to guarantee users' online security and privacy and help users to achieve browsing freedom. For example, SkyVPN doesn't keep logging and provides worldwide server locations. Moreover, it equips itself with advanced features to provide customized VPN services to its users, like [DNS leak test](#), [kill switch](#), and [split tunnel](#).

Third, the free VPN should be approved by pros.

SkyVPN has been labeled as a “Budget-Friendly and Super Fast” VPN by [TechRadar](#) that is the largest UK-based consumer technology news and reviews site.
